**Meeting located at
Dunlap Community Hospital**

Program today- Jon Ritchie
presents a program
Greeter- Ken VanSickle

Last Meeting: Nadine Landaw presented a program concerning the Alice Noble Ice Arena. There are many activities that occur at the arena such as classes to learn how to skate, figure skating, broomball, and hockey leagues. There is also an afterschool program that is called Noble Kids. During this program the children receive help with homework and participate in many physical activity sports. The arena is used for themed and holiday skating parties, private rental and birthday parties.

The Alice Noble Charitable Foundation has future plans to add a second sheet of ice that will expand the building and give more opportunities for public use.

New e-mail scam

Rotary International News - 14 July 2008

There are several e-mail scams that target Rotarians.

Please be aware of the following scams:

- An e-mail that claims that a Rotarian has "emerged a recipient of our Rotary International improvement Grant Programs." It goes on to say that the recipient was selected from an "exclusive" database of more than 800 million individuals and corporate bodies. The e-mail then gives a fake a batch number and contact information for a "cash prize."
- Another scam e-mail claims that a deceased Rotarian has left money to the e-mail recipient to be donated

to philanthropic efforts. The sender, who claims to be the executor of the will, then asks for the recipient's personal information in order to claim the inheritance.

- Another e-mail scam from a fake Rotary club claims that the recipient won a sum of US\$ 700,000. The e-mail states that the winnings can't be transferred in the recipient's home country and that they must share an active bank account for deposit of "cash prize".

Rotary International does not solicit funds through e-mail, nor does it ask that personal information be updated by e-mail or other electronic means. RI encourages Rotarians and Rotary clubs to avoid becoming victims of such scams by deleting any e-mail that appears suspicious.
